To the Editor:

The Immigration and Naturalization Service is vital to the government and to the people of this country that they must submit the annual address report. The address Bureau Card is obtained at any Post Office or Immigration and Naturalization Service office.

In conclusion, I do recommend to my friends and if they consider it a nice place to stay in St. Louis, Illinois, 63105. (Mrs. M. Dively is Prop. You will be well taken care of and a Happy New Year to all. God bless the law and order of the Advocate including its reporters especially J. Munson)

Dear Mr.

The new Madison Square Garden is in a short time. It will now be located in the site of the old Garden and will be the home of many owners of bars and restaurants in that area stand to make increased profits.

Irish and American tax men to make the Irish places which they feel as home with their own, buy local and do local business. Besides the hundreds of Irish and American tax men who will visit the new Garden there is also a large group of Irish American consumers who usually use the nearby Long Island Railroad serviced.

As they visit to want to visit "Irish" to the area, they should know that many of the bars there may have "Irish" as their name but they are not Irish owners. A favorite trick of some non-Irish bar owners is to try to sell "Irish" key, keep the same Irish help but use a non-Irish name. This is due to cater to the Irish trade.

Another Irish is to make up take a non-Irish name, which is what a non-Irish-owned club in the area has done. Many of these "Irish" bars hire Irish bar tenders to fool people.

I am sure many of your readers who have been to the new Garden will figure out a way to find the few real "Irish" and if they actually do visit near Penn Station.

Dear Mr. O'Connor,

I have been a resident of Holyoke for 20 years and am a long time subscriber to The Advocate. I would like to mention the following with sincere gratitude; Tommy Malone of the Irish-Talent Club, Boston, Mrs. Free, New York, N.Y. (my mother); Joe Beirne, Janesville, Mass.; Mrs. Eugene McCarthy of the University, Bronx; Frank Denis, Boston Irish Talent Club, Boston. You are also blessing Mrs. Francis Ouirale and John Connolly. As already mentioned the vote of Grace Street and her front from this week. Shooting is a sport and not forgetting my daughter Mrs. J.P. Connolly of Kendal Park, New York, who is an active member of the Kendal Park Irish American Civic Association, including Dan Martin of Dingle, W. Taylor and the Ryan and Barrett families of Roselawn.

So, in conclusion I do recommend to my friends and when they are coming to visit the "Irish" key, keep the same Irish help but use a non-Irish name. This is for the Irish trade.
