DR. U. H. KELLOGG'S
[illegible] Bilious Pills,
FOR FAMILY USE.

Prepared by his son, U. H. Kellogg;
Utica, Oneida co., N. Y.

THE proprietor feels great confidence in recommending [illegible] used by his father (the late Dr. U. H. Kellogg) in an extensive practice for many years with the greatest success. Hearing those who have been relieved by the use of these Pills speak so frequently of their merits and efficacy, he flatters himself that he is conferring a blessing on the human race by placing so valuable a medicine within their reach. Should they find the relief in their use which he is confident they will, he will be as much pleased as they are benefited.

CERTIFICATES.

DEAR SIR—This is to certify that I have, for the last ten years, used and kept constantly on hand, Dr. U. H. Kellogg's Bilious Pills, and my family, as well as myself, have derived great benefit from them; and I do not hesitate in pronouncing them the best Pills in use, and cordially recommend them to the public.
Augusta, March 30, 1846. WARREN GATES.

DEAR SIR—I feel very much gratified in hearing that you are about to manufacture and bring out the Bilious Pills of your father's invention; and I hope we shall have them among us once more. I have used them in my family and they have done wonders in alleviating our sickness; and I have no hesitancy in pronouncing them the best and most safe Family Physic in use. They are Pills that can be relied on in any case whatever.
New Hartford, Oneida co., N. Y. PLINY CASE.

DEAR SIR—I certify that in my family, for many years during Dr. U. H. Kellogg's practice as a physician in this neighborhood, the Pills invented by himself were used on many occasions, and were found efficacious. We used them generally as Stomach Pills.
Kirkland, April 6, 1846. GEORGE W. DREW.

DEAR SIR—It has been my lot to be cast among the sick the greatest part of my life, so far, and I have witnessed the good effect in a great many cases, of Dr. U. H. Kellogg's Bilious Pills. I would as soon think of living without bread as without them; and I must say that they are far ahead of any Pills that I have ever seen or heard of, and as such I recommend them to the public: to females especially; they will find them of great use during pregnancy. They will, by using them, be free from that costiveness which is so very natural at that time.
STATIRA SPENCER, Nurse.
New Hartford, April 6, 1846.

These PILLS are put up in Tin Boxes neatly enveloped, each Box containing 30 Pills. They will be found a safe, easy and effectual cathartic, and are warranted to keep in any climate. They may be had, at wholesale or Retail, of

☞ The *Republic of the Rio Grande* states that Arista and Ampudia have been ordered to Mexico; the former to explain satisfactorily, the causes of the misfortune which befel the army in its late unsuccessful attempts upon the American forces, the latter to sustain some very serious charges which he has preferred against Arista.

☞ The following confirmations as Brigadier Generals of Volunteers have been made. Hon. Mr. Hamer of Ohio, and one of Indiana, Shields of Illinois, Pillow of Tennessee. Thomas Marshall of Kentucky, Quitman of Massachusetts.

From the Philadelphia North American.

Arrival of Officers and Soldiers from the Rio Grande.

Eight commissioned officers, and about 30 non-commissioned officers and musicians, ordered on the recruiting service, arrived in this city last evening by the western cars, direct from the Rio Grande.

The officers are W. R. Montgomery, 8th infantry; Lieut. J. V. Reeve, do.; Lieut. J. G. Burbank, do.; Lieut. J. Beardsley, do.; Lieut C. F. Morris do.; Lieut. C. V. Jordan, do.; Lieut. R. B. Marcy, 5th infantry; Lieut. D. Ruggles, do. The two latter officers remain in Philadelphia, which will be the recruiting station for the 5th infantry. The other officers proceed immediately to New-York, which will be the rendezvous of the 8th.

Lieut. Jordon, who was so handsomely noticed for his heroic conduct in the battle of the 9th, still has his arm in a sling from the effect of his wounds.

The whole of these officers and soldiers participated in the action of both the 8th and 9th.

NEW ORLEANS, June 23.

The steamboat J. L. Day, Capt. Griffin, arrived this morning from Brazos Santiago, whence she sailed on the 20th. Among the passengers were Lt. Col. Hayne, with the standards taken from the Mexicans, Majors Irving and Fowler, Capts. Smith, Stockton and Page, and Lt. Sturgeon, all of the army. Capt. Page is reported very low, though no fears are expressed as to his recovery.

I fear I shall have no interesting army news for you for some time.

From Mexico.

The New Orleans papers of the 21st contain some additional items of intelligence brought by the ———, which left Tampico June 6th.

Paredes was to leave the city of Mexico at the head of the army of reserve on the 6th of June, from the north, when, after uniting with Arista, he would push forward to avenge the death of his countrymen who fell on the 8th and 9th of May.

MAZATLAN REVOLTED AGAINST PAREDES, PROCLAIMING SANTA ANNA PRESIDENT. This was done on the 6th of May, under the command of Col. Telles.

The returns of the officers killed, wounded and missing in the battles of the 8th and 9th of May are reported by Arista, in his despatch of May 14, published in a Tampico paper.—All the officers, 10 in number, (except 2 who were drowned in crossing the river,) died on the battle field. The despatch makes the number of killed, wounded and missing, including officers and privates, 802.

☞ Gov. Wright was at Saratoga yesterday.

☞ The Senate confirmed the nomination of Gen. Taylor and W. O. Butler, as Major Generals.

It is also stated that the following names were sent in by the President, as Brigadier General's: Gen. Patterson, Col. Kearney of the United States Army; Amos Lane and Thomas Martin.

THE TARIFF.—IMPORTANT MOVEMENT.—The democratic portion of the Ohio delegation have taken ground against the tariff bill. Mr. Brinckerhoff communicated the determination of his colleagues to the House Tuesday. The correspondent of the N. Y. Evening Post thus writes of his speech:

"He began by declaring that the delegation from his State had resolved to vote in a body against Mr. McKay's bill or any framed on the recommendation of the Secretary of the Treasury. He was satisfied that it would not produce revenue enough without the contingent clause for a tax on tea and coffee, and that his constituents would not submit to it, and they ought not.

He commented severely upon the course of the Executive in regard to the interests of the West and South. He characterised the existing war with Mexico as a [illegible] treaty as a pusillanimous abandonment of the rights of the west.

He said his constituents would not have murmured at taxes even upon neccessaries of life, to sustain a war with a foeman worthy of their steel, but with such an enemy to contend against, they would never consent to the imposition of such burdens.

He said it was well understood that the passage of this bill was to be followed by another specially concocted to provide supplies for the war, [illegible] ed so as to make these taxes perpetual. He should give no vote that would aid in carrying out any such arrangement.

Correspondence of the Tribune.

WASHINGTON, Tuesday, June 30.

A batch of new appointments was sent in to the Senate. Cols. [illegible] have been appointed the two Brigadier Generals under the new law, in the army. Gen. Patterson of Philadelphia has been appointed Major General in the volunteer forces. He was in command of the troops in Philadelphia during the Native riots.

State Convention.

WEDNESDAY, July 1.

A resolution was adopted for the adjournment of the Convention, until Tuesday, at 10, A. M.

Mr. Crocker offered a resolution, to inquire into the expediency of abolishing the office of Supervisor, and conferring its duties on a less numerous and expensive body.

The Convention resumed the consideration of the report on the executive department; the question being on the adoption of the substitute for the [illegible] section of the report, that every qualified elector is eligible to the office of Governor. It was debated by Messrs. Murphy, Patterson, Bascom, in favor, of the substitute, and Messrs. A. W. Young, Ruggles, Simmons, opposed to it.

Adjourned without taking any question.

Congress.

TUESDAY, June 30.

The SENATE was engaged on the Warehouse bill. Nothing else of moment in that body.

The HOUSE was on the Tariff bill.

The committee on military affairs was instructed to inquire into the expediency of raising the pay of volunteers and of stimulating enlistments in the regular army by a grant of land to all who shall enlist prior to the 1st of Nov. next.
