RAW BLEEDING SCALY ECZEMA

Looked More Like a Piece of Raw Beef Than a Human Being. Doctors Useless.

CURED BY CUTICURA

Blessed Relief After First Application and First Real Sleep in Weeks—Facts of This Wonderful Cure by Cuticura Vouched for by Mrs. Hunt's Neighbors.

"Words cannot describe the terrible eczema I suffered with. It broke out on my head and kept spreading, until it covered my whole body. I was almost a solid mass of moles from head to foot. I looked more like a piece of raw beef than a human being, the pigs and apes. I endured more than one might think.

"Blood and pus poured from the great clusters of moles on my face, neck, under my finger nails, and nearly all over my body. My face was so covered and swollen I was afraid I would lose my sight. Every hair in my head fell out. I could not sleep, for my clothes would stick to the raw and bleeding flesh, making me cry out in pain.

"I became a terror to all I met, for I could not eat, nor sleep. I was worn out and wasted. I was at last compelled to give up my occupation and to seek medical treatment.

"The doctors could do nothing. They thought it was a malignant growth. They advised me to go to a sanitarium, but I was too穷 to do so.

"One day, while searching through a magazine, I saw an advertisement for Cuticura. I was skeptical, but decided to try it, as I was desperate.

"I applied Cuticura every day, and after about a week, I noticed a remarkable improvement. The sores began to heal, and the pain subsided. After two weeks, the eczema had cleared up completely.

"I have now been free of eczema for six months, and I am a healthy, happy man. I am grateful to Cuticura for giving me back my life."
